## NOW WE SING TO YOU (Scarlet Ribbons)

Now we sing to you, dear campers
Loyalty grants you a prize.
Love and friendship, thought of others
Spark in your laughing eyes.
Off to class we see you striding,
In you we place faith abiding.
\*For Camp Tegawitha's symbol,
You have taught as well as learned
Your whole summer's been dynamic
Brought respect that you've well earned\*
Words can't tell the good we wish you
Words can't say how we will miss you
(Repeat \*)

#### THOUGH YEARS MAY COME AND GO

Though years may come and go We'll all remember
The many happy hours
We've spent together here.
And though we wander far
Our thoughts returning
Will bring us back to you
Our Tega Camp so dear.

### I WANT TO LINGER

Um um
I want to linger
A little longer here with you
It's such a perfect night
It doesn't seem quite right
This is our very last with you
Come next September
We'll all remember
Our Tega days and friendships true
And as the days go by
We'll think of you and sigh
This was goodnight and not goodbye.

#### IT'S TIME TO LEAVE

It's time to leave, time to say goodbye

It's time to leave, from our campfire sight.

Another year together
Has been alot of fun
It's time to leave until the
winter's done.

# TEGAWITHA SAYS GOODBYE

Got along without ya
Before we met ya
But we can't do without ya now
We like you so but it's time to go
Won't you come again, anyhow
It's been so great, but it's getting
late

Still we want ya to know
That with us you rate
So to all our friends
Till we meet again
Tegawitha says goodbye to you

# TIME WILL PASS(Speak to me of Love)

Time will pass and leave its memory
Lovely and clear
Thoughts of those we've known
and moments we'll always remember
Live and love each day and know
What is meant when we hear
Tegawitha
